Lady Astor Back Again

In America to see her son happily married is Lady Violet Astor, above, the former Lady Nairne of England who received an outright gift of \$4,000,000 and

an income of \$30,000 per year from the late Viscount William Waldorf Astor when she agreed to marry his son, Capt. John Jacob Astor, after the latter was

horribly wounded during the World War. Lady Astor, shown as she arrived in New York, will make arrangements for the marriage of her son, George, Mercer Nairne, to Miss Barbara Demp-

CIVIL SERVICE

WILL RECEIVE FULL SALARIES

Voluntary Deductions Will Be Restored By the

Government

at that time, the government in its budget for the fiscal year commencing on April 1 next, to be brought into the legislature next week, will restore the full

salaries of all single men earning 1,500 or less a year and all married men earning \$2,000 or less, it was learned on reliable authority on Wednesday.

Since 1931 the civil service has assisted the government in meeting increased revenue and hard times, by taking salary reductions in the way of "voluntary deductions" from their salaries. In effect this

On paper the civil servants have

men receiving their full salaries, in effect they have been taking deductions.

In restoring the full salaries to the single men receiving \$1,500

d under and married men receiving \$2,000 and under the government will be touching more than per cent of the entire civil service.

The voluntary deductions, during the last few years, have amounted about \$275,000 a year.

The government, since the caucus used the resolution to restore salaries last year, has had considerable

negotiation with the officials of the Civil Service Association, who have discomfited the thought from the Government that the salaries would be restored.

STALIN LETTER DECLARED NOT WORLD INCITE

MOSCOW, Feb. 16.—Joseph St

lin's widely published letter appealing to the workers of the world to unite behind the Soviet Union if it is attacked must be read as a document of domestic, rather than international, independence.

This answered world comment on Stalin's reply to a young Communist who complained he was accused of Trotskyism because he maintained even though socialism had triumphed within Russia, only a world victory for Socialism could guarantee the Soviet Union against foreign interference.

Marketing Debated
WINNIPEG, Feb. 16—Manitota legislature Tuesday debated a resolution asking the federal government to establish a board for marketing the 1938 grain crop. The resolution was moved by J. Wawrow (C.C.F., Gimli). Debate was adjourned by Premier Bracken.

If severe constipation drags you down, try the fruit juice, herb, tanic remedy. Nothing like it. Mrs. L. L. Montreal, writes, "I feel better now. I can sleep at night. I can eat. Didn't sleep. Worked with difficulty due to chronic constipation. I got no relief until I tried Fruit-A-Tives. Soon I became regular, headaches and irritation left me. I have lots of energy now." It's worth while to try this same simple way to regain health. You'll be glad you did. 25c. and 50c.

Jack and Kay have much more sense than we think they have. Not only do their natural "inhibitions" prevent them from indulging in the things they eat, but they grow in knowledge with the months. They are not the type who are on the edge of their seats, waiting for the time they are eight, or ten, or twelve, to do nearly all the things they should or say. "Here, here, do it for me," they say, and then they do it in their own way, and they grow in knowledge with the months. EASILY SIDE-TRACKED He gets interested in his engine and track, and for a time he is called and won't go. He is told to put his things away and doesn't. He says, "I'm coming, I'm coming," and then he is called and won't go. He is told to put his things away and doesn't. He says, "I'm coming, I'm coming," and then he is called and won't go.

Another thing is impulse. All children are filled with a generator that sends electric sparks to the finger tips. This is so far from a crime that I have to repeat my warning against misreading. The child has been forbidden to climb a ladder, but with a boiling, driving curiosity urge him on, he cannot be expected always to hear the still small voice of conscience, and up he climbs. He may even know that it is wrong, but he cannot help it. He is told to put his things away and doesn't. He says, "I'm coming, I'm coming," and then he is called and won't go.

CONSIDER CHILD'S IMPULSES There are the accidents to which childhood is vulnerable. We call them accidents, and it is true, but to "have" means a certain knowledge of the child's mind. We should look out for the child's mind, and we should look out for the child's mind. We should look out for the child's mind, and we should look out for the child's mind.

He does know, vaguely, because he has been told, but he does not have to work hard for the dollars to buy the gloves. He won't work that hard. He won't work that hard. He won't work that hard. He won't work that hard. He won't work that hard.

DOROTHY DIX Says:

The president of one of our famous women's colleges has been denouncing mother love. In a recent speech he declared that he had almost ceased to believe in mother love which he had found, in nine cases out of ten, to be nothing but self-love, and goodness knows how much more. It is a pity that he should say this, for it is a pity that he should say this, for it is a pity that he should say this.

This assertion will be regarded as nothing less than sacrilege, for it strikes a body blow at the old tradition that when a woman bears a child she is automatically metamorphosed into an angel and filled with altruistic devotion to her offspring. Indeed it rocks the very foundations of man and literature and poetry, for what shall we do if deprived of our mothers' love? We shall be as the children of the wilderness, and mothers' love is the only thing that makes life worth living. It is the only thing that makes life worth living. It is the only thing that makes life worth living.

Of course, in the back of our heads most of us have known this all along. We have seen too many women make mother love a cloak behind which they practice the most heinous cruelties and tyrannies upon their children. We have seen mothers ruthlessly sacrifice their children's wishes to their whims and prejudices. We have seen mothers wreck their children's lives for their comfort. We have seen them wreck their own ambitions and break their hearts for their own pleasure.

There is not one of us who cannot tell the tale of some mother who has been the cause of the death of her child. There is not one of us who cannot tell the tale of some mother who has been the cause of the death of her child. There is not one of us who cannot tell the tale of some mother who has been the cause of the death of her child. There is not one of us who cannot tell the tale of some mother who has been the cause of the death of her child.

There is the Overfond mother, the poor blind mother who never sees a fault in her children, the weak, spineless mother who has the courage to let her children do as they please, the mother who has the courage to let her children do as they please. There is the Overfond mother, the poor blind mother who never sees a fault in her children, the weak, spineless mother who has the courage to let her children do as they please, the mother who has the courage to let her children do as they please.

There are, of course, good mothers, thank God, but they are few. There are, of course, good mothers, thank God, but they are few. There are, of course, good mothers, thank God, but they are few. Minute Make-Ups What To Do

My best wife, whom I have never met, is in the hospital, and would like to show my appreciation for the many favors he has done for me. Would it be proper for a married man to send flowers to his wife's hospital room? Would it be proper for a married man to send flowers to his wife's hospital room? Would it be proper for a married man to send flowers to his wife's hospital room?

Because of the beauty of her hair and the perfect shape of her face, Eileen Leathers' hairdresser urged her to model for commercial catalog photographers. She did, and has been a tremendous success. Her large, clear blue eyes are enhanced by dramatically shaped brows and curling dark lashes. Shining chestnut hair, curled softly around her face, and a sweet smile, give her an additional charm to the features of this little Brooklyn girl. She has a lovely figure—five foot three inches tall and weighs 110 pounds.

Do a few limbering and stretching exercises for five minutes every five or ten days, and at the end of that time, notice how much less you dread them. If you haven't acquired a single morning, you have laid the foundation for a good habit. Keep on for two months, and the habit will be pretty well set. You'll not only look and feel better, but you will no longer from when the subject of exercise is mentioned.

Brush your hair every night for two weeks. Get into the habit of brushing your clothes when you take them off, again just before you put them on. Cleanse your face thoroughly before you go to sleep. Really use regularly that night cream you bought months ago, then forget about it. Remember, you won't be hurting anyone but yourself if you don't do these things. Your appearance, and whether or not you are attractive through the years, depends on you—nobody else.

Seven Edmonton School Students Will Be Voted On Wednesday Night For Three Fine Prizes

One single event is occupying the minds of almost every boy and girl in Edmonton, and it is The Edmonton Bulletin's Search for School Talent. For days now, registrations have been pouring in by the score; already a large number of applicants have received their additions, and plans for the first program are complete. You will hear the first of the students this evening, Wednesday, over CFRN at 8:30 p.m., when Sid Lancaster, chief announcer of that station, will be your master of ceremonies.

This is an effort on the part of Alberta's oldest newspaper, to discover among Edmonton students, talent which is sure to merit development, expression, and finally, an opportunity to take its place in the entertainment world. All that is required of any boy or girl to participate is that he or she fill in the registration form appearing in the Bulletin each day, and mail or deliver it to Sid Lancaster, at CFRN, with studies in the C.P.R. building. Students will be notified of the time of their auditions and then of the time when they are to take their places on the weekly program.

More than those who register will be allowed to enjoy the contest, because the radio audience will be asked to act as judges. Voting will be done by ballots, which will appear in The Bulletin the day of the program and on the following day. Listeners will vote for the young artist whom they believe possesses superior talent. To make voting interesting, five prizes are to be awarded each week. That is, five listeners will have the opportunity of winning \$200 cash.

It must be remembered, listeners, that it is to the students that you will assist by turning your dial to 960 kilocycles at 8:30 Wednesday evening, and voting for them you will make this contest a success, and give budding young artists an opportunity of coming before the public. Remember that many of the world's leading radio stars felt that their first appearance was mighty important because it was from that point that they advanced to whatever degree of success is theirs.

You can offer no greater assistance and encouragement than to vote for the boy or girl on each program, whom you believe, merits your approval. It may be your vote alone that will send some young artist on his or her way to a successful and illustrious career. Your vote may be the turning point in the life of one of these contestants, so don't forget to vote!

Mayor Fry Will Officially Launch Search for Talent

The Bulletin's Search for Talent Contest, will be off to a fine start, when His Worship Mayor John Fry, steps to the microphone at radio station CFRN on Wednesday evening at 8:30, to officially launch this project, which will bring before the public, entertainers, who in time to come, may be the top-notchers in the radio world.

In this original manner, The Bulletin is giving every potential young singer or talented dancer a chance to display his or her talents. An interesting way too, for skilled radio technicians and adepts will be on hand to coach and guide each one, to enable the contestant to give his best performance.

To clear up any questions which may have arisen, here is a printed list of instructions covering most of the contest.

1. To enter the contest any student of an Edmonton Public, Separate, Commercial, Technical or High, must fill out a registration form, appearing in The Bulletin each day, and mail or deliver it to Sid Lancaster at CFRN.
2. Contestants will be notified of time of audition. Do not come until you are called.
3. Those accepted to take part in the program will also be notified.
4. Every effort is being made to make your auditions friendly and easy.
5. Winner of each elimination program will receive a gift from Henry Birks and Sons, a five dollar cash prize from The Bulletin, and the opportunity to appear as guest artist on the "Bird Throat's Community Sing."
6. There will be a half-hour program each Wednesday over CFRN at 8:30 p.m. One of the contestants who appears on each program will be judged by the listening audience, as the winner. This student will be presented the three prizes, aforementioned, and will be asked to appear on the next program to receive them. The winners of all the elimination programs are to appear in competition on a program to determine Edmonton's premier radio entertainer among school students. Details of the final grand award program will be announced later.
7. University students for the time being, at least, are not eligible to enter, as are students from country points.

This Voting Ballot is good ONLY for the program on the air Wednesday, Feb. 16th. It is not to be used on any of the future programs. A new Voting Ballot will appear in the Bulletin each program. Watch for them. Each one gives you an opportunity of sharing in the five \$200 cash prizes for voters.

HENRY BIRKS & SONS LIMITED

Henry Birks & Sons Limited is happy to combine with the Edmonton Bulletin in the Search for School Talent.

To demonstrate our faith in the high quality of talent that it will reveal among Edmonton's more than 18,000 school children, we have set aside an appropriate award from our stock to be given to the boy or girl who receives the greatest number of votes on each weekly program. It is our sincere hope that among those who receive our weekly prize will be found young artists who will some day illuminate radio entertainment in Canada with their contributions.

Henry Birks & Sons Limited wishes every contestant success. While all may not be prize winners it is competition that will bring to the fore the best that each is capable of. The winner of our weekly award will be asked to appear on the following week's program when the presentation will be made.

Grand Opening

The Edmonton Bulletin's Search for School Talent Contest Opens

TONIGHT at 8:30 Over Radio Station CFRN

Pointers Given to 'Search' Entrants By Sid Lancaster

"Well, students, tonight's the night. Wednesday, February 16, and the first of the Edmonton Bulletin's Search for Talent Broadcasts takes the air at 8:30 o'clock. Mayor Fry has kindly consented to open the series of broadcasts, and I know that his remarks will be most important. Mayor Fry is keenly interested in youth, and his appearance before our microphone on the first of these broadcasts is indicative of his willingness to cooperate in any undertaking of this nature. I urge you to pay great attention to Mayor Fry's opening address."

FIRST PROGRAM
The first program features the artists whose names appear elsewhere on this page. Just one remark addressed to the listener: Here is your opportunity to show, by your vote, what kind of entertainment you wish to hear on the air. What type of artist you wish to have featured in the programs of the future. Surely this is a grand chance for you to indicate your likes and dislikes. There has been a great deal of comment, floating about lately, regarding radio programs. The Bulletin welcomes this opportunity to find out just what it is that the public DOES want. Your votes are important. Make use of them, for your own sake. Every listener is eligible to vote. The procedure for casting your votes is explained to you in another section of this page. It will be further explained to you over the air. The Edmonton Bulletin has done its part in organizing this series of broadcasts. The station staff has given liberally of time and effort. The entrants have worked hard. The programs start tonight. The rest is up to the listening audience. City and

country listeners—read your Bulletin, listen to CFRN—and VOTE. To the contestant, may I say this: Every one who has turned in a registration form, will be given a fair chance. Since the programs are only of thirty minutes duration it is not possible to present more than seven or eight students in each broadcast. The means of choosing our auditions will not go on the air for several weeks to come. Do not be impatient! Just realize that the longer you have to wait to take the air, the more time you have to practice your act. And remember what I have said about originality. If your name is not in the lineup for tonight's broadcast, you have at the very minimum one week in which to work out an original method of presenting your song, or whatever act you intend to present.

SID LANCASTER

"I understand that it is not possible to work an original idea into every act; but many acts could be made much more attractive to the radio audience with a little 'dressing-up.' I'll have a good opportunity of showing you what I mean in the course of this first program. Put everything you've

Entertainers Announced

Following are the names of the youthful students, who will entertain you Wednesday evening over CFRN at 8:30 p.m. They have been selected from audition held in the past week, and they depend on your vote for success in The Edmonton Bulletin's Search for Talent.

THE ARTISTS' CHOICE — the choice for YOUR HOME

The trend of modern architecture and interior decoration has demanded the miniature piano. The piano of a generation ago would crowd the average room of today. Heintzman designers have devoted years of experimentation to develop miniature pianos. They have worked to two major objectives: 1st—to create small size pianos that would be beautiful pieces of furniture; 2nd—to build pianos worthy of the name Heintzman, a name that for almost a century has stood for perfect pianos. These three pianos all possess powerful, yet light actions and produce an astonishing volume of pure, balanced tones. Examine and play any of the new models and you will realize why in Canada more artists choose Heintzman than any other piano. We have a model to suit your home. Moderately priced and available on convenient terms.

Looking Them Over

By Jack Kelly

C'mon Up Fritz!
Big and Tough
Hockey First

LAST night a wire was sent to Bob Fritz in Winnipeg asking him if he would be interested in a proposition to come to Edmonton as the playing coach of a Western Conference football team for the 1955 season. What he, that's on the level. It's not a gag. It is simply the outcome of an informal dinner meeting Tuesday at Joe Vero's (Vero's) of Calgary outlined to Edmonton grid enthusiasts the ways and means by which the Bronks were organized and kept going.

The meeting appointed an investigating committee of Bob Bradburn, Dr. Vic Lloyd, Nick McFar, Art Carlson, Jimmy Thompson and Mel Wilson. This group was instructed to make a survey of the situation and report back to a general meeting in a week or two as to whether or not it appeared possible to get support here for a conference team. The query to Fritz is the first move in this investigation.

Dr. Bradburn, the proposition sizes up as at least a \$100,000 affair. The figure will be used up in fielding a conference-calibre club. Vero's Carmichael extended assurance that Calgary would play two games here, while Regina and Winnipeg would each play here once. Edmonton would, of course, have to return these games. With Jerry Seiwright, Brock centre last year and probably the best in the west in that position, now an Edmontonian, it is figured that a playing coach like Fritz and a big rip-running goal U. S. stars would make Edmonton pretty tough. We have the nucleus here now in home town.

There were approximately 35 sportsmen at the dinner held under the sponsorship of the E. A. C. and enthusiasm appeared high.

The Other Side of the Picture

ENTHUSIASM is a fine thing, but it needs seasoning with a little realism. This proposal to embark Edmonton on a \$100,000 gridiron venture is a mighty big undertaking. You "could" get "roughly" out in black face capital and it still would be under-estimated. It will not be the starting of this venture that will be hard—it will be the finishing that will be tough, and it's paying the piper that I'm talking about.

Here are a few items that must be considered. Our weather here is absolutely dramatic and it needs to be considered. It can't count on anything but snow and cold for the games that carry the big payoff. If we get a decent autumn, it will only be by the grace of Allah—a grace that is rarely extended to Edmonton. The next point is a question which has conference football to give Edmonton in return for \$100,000?

The answer to that last question is a lot of those unsatisfying generalities. Sport, publicity and so on. This is not very much to give the citizens in return for what will be asked of them. When you go into a \$100,000 sport proposition it is money and money must be shown where they will get something in return. Football will not draw any number of people from the country. The game is not understood or appreciated outside of the larger cities. I know that every small town has an enthusiastic fan, but the speaking in common terms.

Our Payoff Lies In Hockey

IF there is \$100,000 available in Edmonton for sport and a group of 20 or 30 energetic men itching for something big to tackle, it will pay the city far bigger dividends to invest in hockey than in football. We have the facilities and climate for that game—and we have neither of these requisites for big time football.

The effort and money required for a conference team would—if properly expended—put Edmonton in a position to field mighty stars Allan and Hershey in Edmonton in and out of town. The Allan cap series here will pay the city far bigger returns than football could ever hope to. In hockey you have a business proposition to sell. In football you have only six rating good games to offer for \$100,000.

Nobody would like to see Conference football here better than I. However, I am more interested in a sound and logical development of sport than sudden bonanzas. Let us put hockey on a sound basis first. We have already committed ourselves to an expenditure of \$60,000 on artificial ice in an arena costing over \$200,000. Ten thousand dollars have been invested in a coaching system that would extend from mid-levels to seniors, and in a few needed players, would make Edmonton the outstanding hockey center of Canada so far as producing players and championship teams are concerned.

CAMROSE BEATS WETASKIWIN, 4-2

Karltoke to Edmonton Bulletin. CAMROSE, Feb. 16.—Wetaskiwin Colonnade were defeated by Camrose Commercial 4-2 at Camrose last Saturday in a fast exhibition game. The game was a real battle, with the scoring for the winning club, both scored two goals.

Prior to the game, the two teams, two Camrose Free Wee skaters, Simple Lends and Glen Kollander, in a fast and thrilling display of hockey. The Lends won 3-0.

Gowanlock Loses First 'Spinel' Game
WINNIPEG, Feb. 16.—Gowanlock and his veteran rink lost their first game of Manitoba 5-0 last night, losing 7-0 to a Warren, Man. rink skipped by J. Gowanlock. The loss was the last of the undefeated rink.

His defeat after 19 straight wins, came in the Dingwall competition, while on a clearly better team, former Canadian champion rink, lost 11-0 to a Winnipeg rink, with G. W. Wainwright.

Johnson of Winnipeg, 18th Canadian champion, defeated MacLaughlin, 1935 British Columbia champion, by 11-0 in the final of the 19th Canadian championship.

NINE TEAMS ARE ADMITTED PRAHA HOCKEY

PRAHA, Czechoslovakia, Feb. 16.—Officials of the world amateur hockey championship last night decided to admit nine teams instead of the eight originally agreed upon, to the second round of the tournament.

The nine teams were divided into three pools as follows:
Pool One: Switzerland, the United States, Czechoslovakia.
Pool Two: Canada, Hungary, and Germany.
Pool Three: Great Britain, Poland, and Sweden.

Canada will play Germany Thursday and Hungary Friday, it was announced.

The new decision gave Sweden an opportunity to continue in the tournament under its original rules, that nation was eliminated by finishing third in the pool topped by Canada and Czechoslovakia.

CANADA LEADS
Great Britain and the United States—the big three of the tournament—headed the first round, that ended from the first round.

Canadian team, an Ontario team playing as Sudbury Wolves, and defeating the United States last year by Kimbrey's Dynamite, defeated Czechoslovakia 5-0 to wind up its first round engagements with no defeat.

The Canadian team, led by a close contest, led 1-1 in a close contest.

The day's other games saw Germany, led by a close contest, led 1-1 in a close contest.

Manahan and Rose Take First Three Playdown Matches

Section Play In Round-Robin Series To Wind Up Today—Winners Will Play Off On Thursday

NOTHING in the way of a major upset was recorded as three draws in the British Columbia curling competition were completed on Tuesday. It is a round-robin type of draw in which the competing rinks are drawn into groups with the winners of the sections playing off against each other in a second round-robin draw.

Winners in the three sections will be determined today and will play off on Thursday. The winner then meets Herb Back's Calgary rink here Saturday for the right to represent Alberta in the Macdonald Brier classic at Toronto.

WETASKIWIN'S LEAFS DEFEAT LACOMBE, 7-4

Exclusive to Edmonton Bulletin. LACOMBE, Feb. 16.—Wetaskiwin Leafs defeated Lacombe Athletics 7-4 here Tuesday night in the second of home and home games in the Stanley Cup playdown. This gives Wetaskiwin the round 10-8 by virtue of Lacombe's 4-3 win at Wetaskiwin on Saturday. This eliminates Lacombe from the playoff series.

Wetaskiwin took a four goal lead in the first period and scored two to Lacombe's one in the second. Four penalties for the visitors in the second period helped Wetaskiwin keep up almost a constant pressure and they carried three to the victory. This eliminates Lacombe from the playoff series.

GOLDEN BEARS BEATEN 3-2

Big Dave Mowbray, who once played juvenile hockey for Red Deer, scored a 3-2 victory over University of Alberta Golden Bears here on Tuesday night in the first of home and home games in the Morgan cup Alberta hockey playoffs. Red Deer took a one goal lead in the first period and were out ahead 3-1 at the end of the second. Varsity scored early in the third but the locals making a determined drive came back to pull ahead.

The game opened at a fast pace and both teams skated like demons through the first twenty minutes. The locals jumped into the lead when Simkins scored the lone goal of the period a little past the half-way mark. Gordon, of Red Deer, and Mackay, of Varsity, scored in the second period.
